

WE ARE A TEAM

Core Values Activity

By Droids Robotics

Materials:

Large poster paper to stick smaller pieces on to
Colorful sticky notes or paint color sample cards (or equivalent)
Glue stick
Permanent Pens/Markers

"Jessica is always supportive"

"Ryan helps me every team meeting!"

"Laura's always makes us laugh when we are stressed."

Instructions to the team:

Each team member should grab several Sticky Notes/Paint Sample Cards. On each piece of paper, write a compliment about someone else on your team. Make sure that **EVERYONE** on the team has at least one note about them.

After you write the compliments, glue them on a larger poster board/paper so that they spell out the word **TEAM**.

Discussion:

Have a discussion about what makes a good team. Does everyone have something to contribute?

Read out some of the notes. What are some of the contributions everyone has made for the team?

What can each team member learn about themselves? What roles do others see you playing for the team?
