Core Values Activity

By Sanjay and Arvind Seshan

Materials:

Red paper (5-10 pieces)

1 blindfold

Set Up:

Lay out the red pieces of paper in random locations on the room.

Instructions:

Pick one teammate to be blindfolded. The rest of the team must direct this teammate from one end of the room to the other so that he/she does not step on any mines.

Discussion:

How did the team pick who should be blindfolded? How well did the rest of the team give instructions? Did they plan out what they were going to do ahead of time?
