

Not the Droids You Are Looking for, Pennsylvania

## Group Draw

### Objectives:

- Developing creativity
- Making sure everyone contributes

### Materials:

Large paper  
Markers, crayons, pens

### Setup:

Leave the materials on the floor or table.

### Instructions to Team:

You have 5 minutes to draw a....

### Notes:

This challenge is a test of the team's imagination, creativity and decision making skills. Make sure that everyone draws.

You can come up many different ideas: fish, airplane, car, house, robot, etc. Keep it simple so that the students can be successful in drawing the object.

In the photo above, the team was told to draw a robot.

## Joined at the Hip

### Objectives:

- Thinking creatively
- Working together

### Setup:

Leave balls on the floor

### Notes:

Watch to see how the students coordinate. What is their reaction when one of the balls is lost? Are they supportive of their teammates?

### Materials:

- Balls/Balloons

### Instructions to Team:

Place one ball between each of you at your hip. Now, cross the room. You may not touch the balls with your hand.

## Up in the Air

**Objectives:**

- Working together

**Setup:**

None

**Notes:**

This activity can be fun to do outside on a nice day.

**Variations:**

- 1) Use only one hand
- 2) Each of you must hold holds in a circle the entire time
- 3) You must hit the ball higher than the tallest student's head

**Materials:**

- A balloon or a ball

**Instructions to Team:**

Keep the ball in the air for as long as you can. Everyone on the team must participate.
