

TALLEST TOWER

Core Values Activity

By Sanjay and Arvind Seshan

Materials:

Plastic Cups

Straws

A small portion of tape

Misc items you could build with

Instructions to the team:

Use these items to construct the tallest tower you can in 1 minute.

Variations:

Split the group into two teams. Give each group a similar set of items. Give the same instruction as before. (See if they build separate towers or build one together!)

Build the tallest tower that can hold an object (such as a full water bottle) on the top.

Discussion:

How did the team members work together to complete this task? Was there one leader? Were different ideas considered? Were there any clever solutions they thought of to build the tallest tower?
