

Objectives:

- Thinking creatively
- Working together

Setup:

Leave materials on the floor

Instructions to Team:

You have 5 minutes to construct the tallest tower you can using the materials in front of you

Materials:

- Cups
- Straws
- A little (or no) tape
- You can substitute with any materials you have lying around

Notes:

This activity can lend itself to thinking outside the box. If there is very little tape or none provided, they will have to collaborate to create hold the structure up.
