

Objectives:

 Learning to work together and coordinate

Materials:

 Pens or pencils (enough for each pair of students on the team)

Instructions to Team:

- Pick a partner
- Each of you may only use one finger - one of you should touch the tip of the pencil and the other only the eraser
- Work together to keep the pencil upright between your two fingers
- Next, walk from one end of the room to the other while holding the pencil upright together

Notes:

What was the most difficult part of this challenge? How did team members communicate or coordinate?

Variations can include

- 1) Placing obstacles in the room
- 2) Timing the teams to see who is the fastest
- Increasing the number of people holding pencils from two to three or four (as in the photo above)
